

HELP SHAPE THE FUTURE OF WALKING, BIKING, AND ROLLING IN THE SEDA-COG MPO REGION

SEDA-COG MPO Active Transportation Plan

HOW EASY IS IT TO TRAVEL WITHOUT A CAR WHERE YOU LIVE?

The SEDA-COG Metropolitan Planning Organization is developing an Active Transportation Plan to identify opportunities for safer, more connected, and accessible transportation options throughout the region.

WE WANT TO HEAR ABOUT:

- Needed sidewalks, trails, or bike lanes
- Hazardous crossings or intersections
- Accessibility barriers
- Maintenance concerns with existing infrastructure
- Places where walking, biking, or access to transit could be improved
- Opportunities for new connections and safer routes

SHARE YOUR FEEDBACK!

AUGUST 10 – SEPTEMBER 14

An easy-to-use mapping tool allows you to pinpoint specific locations and provide comments directly on the map. Visit bit.ly/SEDAATP
